NEW FISSURES FOUND

Mont Pelee Is In a State of Repose After Severe Activity.

DISTRIBUTION OF THE SUPPLIES.

Scientists Are Divided In Their Opinions as to What May Be Expected From the Dangerous Volcano.

Fort de France, Island of Martinique, May 27.—The United States cruiser Cincinnati arrived here from St. Lucia. The steamer Luckenbach arrived a few hours later and left at once for Porto Rico. The steamer Fontabelle reached here with 1750 tons of supplies from the chamber of commerce of New York and other citizens. Among her passengers are W. H. Corwine, who was specially named by President Roosevelt as secretary of the various bodies in the United States contributing for the relief of the sufferers; Professor Angelo Hellprin, and other scientists. Messrs. Corwine and Scott, brother of Chief Officer Scott of the Roraima, were presented to Governor L'Hueze and the French delegates. The steamer Topaze has been placed at the disposal of Mr. Corwine to visit St. Vincent. Her cargo will be discharged Monday.

Captain Scott visited the survivors of the steamship Roraima at the hospitals.

Professor Robert T. Hill, the eminent geologist with his party, has chartered a steamer and is carefully studying the volcanic conditions from the sea. George Kenan is examining the northern part of the island.

Mont Pelee was fairly quiet, although there was a big eruption of ashes, which covered the extreme northern part of the island. The new crater is active.

Mr. Corwine has investigated the method employed in the distribution of supplies and has informed Governor L'Hueze that he considers it excellent.

Most of the refugees who have come into Fort de France have deserted the town for points further south, as Fort de France is believed to be doomed. All business is suspended, as the amount of supplies received has killed sales.

Fort de France looks deserted. Nearly 2,000 persons have gone to the islands of Guadeloupe, Dominica and St. Lucia, and as many more are trying to get away. The simple object of all minds is to escape from the island.

The scientists are divided in opinion as to whether or not new and more cloudbursts are to be expected. A majority of them think volcanic energy will be displayed for a long time, but that no further loss of life will occur, as there are no large places left to be destroyed and Fort de France, they say, is absolutely safe from any possible outburst of Mont Pelee. French Admiral Servan called upon United States Consul Ayme to express to him his appreciation of what the United States has done for the victims of the disaster.

A Scientist's Explanation.

Costries, St. Lucia, May 27.—E. O. Hovey, assistant curator of the American Museum of Natural History, who went to Martinique on the cruiser Dixie to examine the volcanic phenomena, says: "St. Pierre can only be compared to Pompeii. The devastation and desolation are even worse. It is evident that a tornado of suffocating gas wrecked the buildings, asphyxiated the people, fire then completing the ruin. This accords with the statement which has been made that asphyxiation of the inhabitants preceded the burning of the city, the gas being sulphuretted hydrogen, ignited by lightning or the fires in the city. The same tornado drove the ships in the road to the bottom of the sea or burned them before they could escape. This comes the nearest to being a sheet of flame than anything heretofore reported from from any volcano. Mud was formed in two ways—by the mixture in the atmosphere of dust and condensed steam, and by cloudbursts on the upper dust-covered slopes of the cone, washing vast quantities of fine, light dust. No flow of lava has apparently attended the eruption as yet, the purely explosive eruptions thus were apparently bringing no molten material to the surface. The great emission of suffocating gas and the typical cloud burst erosion, with the resulting streams of mud, are among the new features which Pelee has added to the scientific knowledge of volcanoes."

Major General Chaffee has disapproved the findings of the courtmartial in the Waller and Day cases at Manila.

NOT GUILTY.

Men Indicted For Ballot Box Stuffing Are Acquitted.

Philadelphia, May 27.—Samuel Salter, Joseph D. Rodgers, Clarence Messer, Harry McCabe and James T. Sheehan, who were indicted for ballot box stuffing in connection with the election of Nov. 7, 1899, were found guiltyless at midnight Sunday night. It was testified that these men entered into a conspiracy with Salter to substitute strangers for the legal officers in one of the precincts of Salter's ward and to stuff the ballot box of that division with 215 fraudulent ballots; to return false election reports, and to commit offenses of a similar nature in other wards. George Kirkland, who joined the alleged repeaters at the instance of a local newspaper, exposed the alleged conspiracy.

Warrants were issued for the arrest of the five men, who, after entering bail stayed in hiding for two years. They returned a few weeks ago and surrendered themselves.

At the time of alleged crime Salter was deputy coroner of this city. Rodgers was a lieutenant of capitol police in Washington and Messer, McCabe and Sheehan all held federal positions in Washington.

Still at Work.

Hazleton, Pa., May 27.—The Dusty Diamond colliery at Beaver Brook is still in operation, despite the notification from the Mine Workers that all mining operations should be suspended during the strike. The bosses at the Beaver Brook colliery of Dodson & Co., notified Superintendent Bullock that they would not take the places of striking engineers, firemen or pumpmen if asked to do so. Clerks at several of the collieries hereabouts have been discharged because of their refusal to man pumps net week in case of a strike on the part of the firemen and pumpmen.

Will Await Court's Action.

St. Louis, May 27.—James J. Hill, president of the Northern Securities company, who has been inspecting Burlington terminals here, left for St. Paul. With reference to the Wall street reports that efforts were being made looking for a compromise of the so-called merger suit, Mr. Hill said: "There is nothing whatever in that. We are content to leave that matter for the courts to decide. We have confidence in the courts and are satisfied that the case will be fairly decided. We own the property and no one can take it from us."

Killed a Whale.

New York, May 27.—Another steamship, the Coys, which passed through clouds of volcanic dust from Mont Pelee has arrived in port. One of the officers said: "Fifty miles from St. Lucia, and right south of Barbadoes, we passed on the evening of the 8th, a large dead whale, around which hundreds of Mother Carey's chickens were hovering. The whale was 70 feet long. The Coys was one hour in passing through the wreckage and smoke of St. Pierre, but the flashes of fire could be seen distinctly when we were 60 miles away."

To Investigate Lynching.

Washington, May 27.—Soon after the senate convened Mr. Gallinger (N. H.) offered a resolution providing that the judiciary committee of the senate should make an investigation into the subject of lynchings in the United States, with a view of ascertaining whether there is any remedy for them. Mr. Gallinger said he introduced the resolution in full view of the fact that he might be charged with precipitating a sectional controversy, but nothing was further from his thoughts.

An Oregon Statesman Weds.

New York, May 27.—Former United States Senator George W. McBride of Oregon, and Mrs. Laura Walter Schwichtenberg of the same state, were married at the rectory of Mitchell of Oregon and Mrs. Harriet Potter Nourse of New York, were present at the wedding, which was followed by a breakfast. Ex-Senator and Mrs. McBride will journey through some of the New England states and will go to Oregon in July.

Strike at Denver.

Denver, May 27.—Five thousand union men employed in the building trades went on strike, causing practically a total stoppage of building operations in this city. The strike was inaugurated by order of the building trades council for the purpose of aiding the woodworkers in their efforts to secure an 8-hour day. The woodworkers have been on strike for the past two weeks.

Christian Scientists now claim that 2,000,000 cases of disease have been healed by Christian science in 35 years.

PRESBYTERIANS QUIT.

Business Before the General Assembly at New York Finished.

NEXT MEETING AT LOS ANGELES.

The Proposition to Grant Certain Privileges to Ministers From the Southern Church Receives Adverse Action.

London, May 27.—The Presbyterian assembly has adjourned sine die, all business completed.

New York, May 27.—The commissioners to the Presbyterian general assembly decided to hold the next general assembly at Los Angeles, Cal. There was a lively contest for the honor between Cleveland and Los Angeles and a commissioner who refused to give his name, made the accusation on the floor of the assembly that a railroad corporation was conducting a lobby in favor of the California city. He was silenced by the moderator.

The general assembly acted adversely on an overture from the presbytery of Los Angeles, requesting that ministers coming from the southern Presbyterian church be honorably retired with the same privileges if they had served always with the church under the general assembly. The matter came before the assembly in a regular committee from the ministerial report, which commended adverse action. Rev. W. S. Young, pastor of the Emanuel Presbyterian church, Los Angeles, advised that the assembly act favorably on the overture. In the west, he said, there were many ministers who had come from the southern branch and that favorable action by the last assembly would help to bring the two churches together.

Will Sign It.

Washington, May 27.—President Roosevelt informed a number of senators who called upon him that he would sign the Indian appropriation bill. Some of the objections he had to it have been met by special legislation. There is still another provision which he insists on being corrected and that is the one which gives the exclusive right to the Florence Mining company to prospect for one year all the mineral lands on the Uintah reservation in Utah. It is understood that a bill will be at once introduced in both houses repealing this provision, which, if it passes, will have the effect of allowing the general public to explore the land and establish claims.

Did He Suicide?

St. Louis, May 27.—After writing to a brother in London, England, to cease sending him money, Dr. Edward L. Thurman disappeared Sunday, leaving his coat and hat on the river bank. The coat contained a check for \$140, a gold watch and two letters. Relatives of the missing man are in doubt whether he committed suicide or left the city after placing his coat and hat by the river to suggest drowning. Lack of immediate success in his chosen profession had discouraged the young physician and he had for several weeks past been seeking employment.

Policeman Chased Out.

Fernie, B. C., May 27.—Chased by an angry mob of 500 miners and citizens, William Stevens, a provincial policeman, has lost no time in placing himself outside of the town limits. He incensed the miners by stating that he wished 200 more miners had been killed in the explosion Thursday. Careful and conservative checking of information from all sources now leads to the placing of the number of killed by the explosion at the Crow's Nest Coal company's mines at 151. Fifty bodies have been recovered.

Has Pneumonia.

Oberlin, O., May 27.—President John Barrows, D.D., of Oberlin college, is dangerously ill with pneumonia at his home here. Dr. Cushing of Cleveland is in consultation with Doctors Jamison and Browning of Oberlin, and the gravest fears are expressed as to the outcome. President Barrows was lecturing in the east, and left New York for Oberlin in perfect health. He caught cold on the sleeper and reached here Saturday noon in great distress.

Gallagher's Report.

Washington, May 27.—Adjutant General Corbin has received the following cablegram from Captain Hugh J. Gallagher: "Area of devastation St. Vincent about 12 square miles in northern extremity; population of this area was 8,000, of which 1,600 lost their lives. Remainder escaped by flight to Kingstown and other places. No such overwhelming catastrophe as at St. Pierre, yet many are in need of help."

WORKMAN SHOT.

Unknown Parties in the Strike Region Wound a Laborer.

Hazleton, Pa., May 27.—Duncan M. Herd of Yorktown, employed as timekeeper at the Carson warehouse, was shot in the right arm from ambush by unknown parties. The wound is not dangerous. Moorehead has been at work every day since the strike and it is not known who did the shooting.

The action of the engineers and pump runners in the Shamokin district in refusing to obey the call of the United Mine Workers to strike on June 2, in case the operators do not grant an 8-hour work day at the present wages, has had a depressing effect in strike circles in this region, although the leaders of the miners say there is no reason for disagreement.

State Secretary Mullahy of the Stationary Firemen's association of Pennsylvania said:

"Undoubtedly some engineers and pumpmen will refuse to quit work, but when the time comes it will be found that the bulk of the men now at work will obey the call of the United Mine Workers."

The local coal operators are of the opinion that what has happened at Shamokin will happen in the Schuylkill, Lackawanna and Wyoming regions.

Denied O'Brien's Statements.

Washington, May 27.—Captain McDonald, formerly of the Twenty-sixth volunteer infantry, one of the officers accused in Corporal O'Brien's testimony, was before the Philippines commission of the senate. He denied all of the allegations made by O'Brien, and said O'Brien was on duty elsewhere at the times he claimed to have been present. McDonald said that American officers had not violated a Spanish woman, nor other women, to his knowledge. He also denied the statement made by O'Brien that he (McDonald) and a number of other officers misbehaved themselves at a native dance. He showed that at the time alleged Major Cook, one of the officers named, and himself were on duty elsewhere. The shooting of bearers of flags of truce and the burning of a woman and child by his command was another story by O'Brien that he denied. Captain McDonald said O'Brien was a troublesome soldier from the first.

Crew Deserts.

St. Kitts, B. W. I., May 27.—The Dauntless, which under command of Captain Lake, carried supplies provided by the government of this island for the sufferers in Martinique, has returned here. The crew of the Dauntless became frightened on the voyage, refused to go on, and deserted the sloop. This delayed the relief expedition, but the Dauntless obtained a new crew at Dominica and finally went on to her destination. On the passage southward, Captain Lake says Mont Pelee was seen blazing grandly at intervals of about a quarter of an hour. Its eruptions were accompanied by awful sounds, resembling thunder. Pebbles and volcanic debris rained constantly upon the deck of the Dauntless.

Pauncetote Funeral.

Washington, May 27.—It is evident from preparations so far made that the funeral of the late Lord Pauncetote will be conducted with great dignity and will be made a memorable occasion. All of the available military and naval forces in Washington and vicinity will take part in the procession. The services at St. John's church will be conducted by Coadjutor Bishop Mackey-Smith, though Bishop Satterlee will attend. Owing to the small size of the church it will be necessary to restrict the admissions, which will be allowed.

All Mills Started.

Augusta, Ga., May 27.—All mills in Augusta district started and with the exception of King mill every one has a full complement of hands. King has only 460, but hopes to get many more during the day. All King mill houses occupied by operatives refusing to work have been ordered vacated by night. An increase of 1½ per cent instead of 10 per cent has been granted in some departments of the King mill.

At New York.

New York, May 27.—The French battleship Gaulois, which brought the French mission to attend the unveiling of the Rochambeau monument at Washington, arrived here from Annapolis. The United States battleships Kearsarge and Alabama and the cruiser Olympia, which were accompanying the Gaulois arrived 30 minutes later.

Tolstoi's Condition.

London, May 27.—A telegram from alta, Crimea, says that no complications have arisen in the condition of Count Tolstoi, who is suffering from typhoid fever, and that the general state of his health is satisfactory.

HUSTLING FOR VOTES.

Aspirants For Nominations On Republican Ticket Are Active.

SOME FEATURES OF THE PLATFORM.

Many Delegates and Visitors Arrive at the Forest City—Doings of Senator Hanna and Other Leaders.

Cleveland, May 27.—Many delegates and visitors to the Republican state convention, which meets here, have already arrived in the city.

Senator Hanna remained at his residence during the day but was at his quarters in the Hollenden after supper. The visiting congressmen spent the day at the suburban residence of Congressman Beidler. Chairman Dick and Secretary Molloy were with the local committee and the candidates opened their reception headquarters. It is understood that a platform has been prepared by the Ohio senators and congressmen which has been submitted to some delegates.

It is said to endorse the national administration strongly in general terms without specifications on Cuban reciprocity and some other questions. The Philippine policy is unequivocally endorsed with a special expression of confidence in Governor General Taft.

There is no opposition to the renomination of Secretary of State Laylin for a second term.

Among the candidates for the other nominations are: Supreme Judge, W. B. Crew, McConnellsville; J. M. Wood, Athens; George L. Phillips, Cleveland; A. N. Summers, Springfield; W. O. Henderson, Columbus; Myron A. Norris, Youngstown; W. S. Savage, Wellington, and J. B. Burrows, Painesville.

Food and dairy commissioner—Andrew G. Comings, Oberlin; Fred W. Herbst, Columbus; Horace Ankeney, Xenia; Herman H. Berghegger, Cincinnati; M. M. Bridge, Columbus; Lynas B. Kauffman, Columbus; Edward R. Tyler, Fremont; Edward Ball, Cleveland.

Board of Public Works—Frank J. McColloch, Bellefontaine; William Kirtley, Defiance; W. J. McLean, Sidney; John O'Connor, Dayton.

The feature of the convention is the skirmishing for governor next year. There are more candidates here for the nomination next year than this year. Among those who have friends here in the interest of gubernatorial nomination next year are Congressmen Dick, Tayler and Nevin; Harry M. Daugherty, who was defeated by Governor Nash for the nomination three years ago; State Senator W. G. Harding of Marion; Albert A. Douglass of Chillicothe; Myron T. Herrick, Cleveland, the Ohio member of the Republican committee and Judge Ferdinand J. Jelke, Jr., of Cincinnati.

Hard to Get Supplies.

Chicago, May 27.—The first effects of the strike of teamsters at the stockyards was felt. One of the largest hotels was short on ham, bacon and eggs at breakfast, and several other hotels are said to have felt the absence of particular cuts of meat. The hotels were warned by their butchers to look out for trouble in securing supplies, and representatives of the teamsters' union said that unless their demands for better wages were met, it would be exceedingly difficult to get meat in Chicago. One retail house, which supplies several of the larger hotels, had to use its own wagons in getting supplies from the packers at the yards.

No Official News.

London, May 27.—Those persons expecting a definite announcement regarding peace in South Africa, on the ressembling of parliament were disappointed, as the government leader in the house of commons, A. J. Balfour, declined to "make any forecast" as to when the government would be able to make a statement. Better informed people did not anticipate that the government would be in a position to give out anything of importance in this connection, but possibly, after the cabinet meeting, Mr. Balfour may be able to communicate the eagerly awaited news.

Invited to Germany.

Washington, May 27.—It is stated on authority that General Corbin, Young and Wood have been formally invited by Emperor William to attend as his personal guests the German military manoeuvres next fall. The first overtures in that direction were made by General Von Plessen at the instance of Prince Henry during his recent American visit, but they have since been extended in regular form and they will be accepted by the three generals.

James and Joseph Conroy of Mt. Sterling, Mr. and Mrs. John Butler and children, Mrs. M. O'Neil, Mr. Harry Donnelly and Mr. Thomas Spelley, of Covington.

KENTUCKY'S EXHIBIT.

State Meeting to be Held at Louisville Wednesday to Take Steps to Raise \$100,000 for World's Fair Display.

A State meeting will be held at Louisville Wednesday under the auspices of the Louisville Board of Trade to decide upon ways and means to raise money sufficient to make a creditable showing for Kentucky at the Louisiana Purchase Exposition, St. Louis, in 1903.

At least \$100,000 is wanted from the whole State, and a pro rata will probably be made out for each of the cities and towns. If every town in the State would contribute a modest sum it would not take long to raise the amount wanted, it is believed.

It is urged by all means that Kentucky have some sort of a building at the big fair, and as the Legislature failed to make an appropriation, it is proposed that the money be raised by private subscription.

Mr. W. T. Cummins last evening got in his first shipment of strawberries from Fox, the Winchester berry grower. They are by far the largest and finest received in Maysville this season. The BULLETIN knows whereof it speaks as Mr. Cummins kindly favored us with three measures of the luscious fruit.

A new towboat may be built for the machinery of the Dick Fulton. The Fulton will be dismantled. She did a great deal of hard work during her day.

VELVET CARPETS

"Wilton Velvets" and "Extra Velvets" are trade terms for worsted velvet carpets—probably the most economical carpet one can buy. Loose-twisted wool is used in cheap grade velvet carpets. It isn't "springy." Chairs and other furniture soon make depressions that stay. Dirt adheres to the loose soft pile. But Worsteds Velvets, honestly made, are not hurt by furniture marks, and dirt is easily dislodged. They wear and are pretty while a scrap remains. It's an excellent carpet investment at \$1 a yard.

SNOWY CURTAINS.

What room doesn't look better and cooler with pretty white curtains? They give a refreshing sense of cleanness and crispness. Brief items from what might be a catalogue:
 Nottingham Curtains, beautiful plain or floral centers with wide, elaborate borders. Close well made curtains and good sellers. A pair \$1.25
 Entirely new fancy Nottingham Curtains made with point d'esprit centers and lace insertion and edge. Size sixty inches by three and one-half yards. A pair \$3.
 Fine Calais Curtains in well covered and showy designs. Splendid net and patterns beautifully executed. A pair \$2. Would be cheap at \$3.
 A strong pattern in first-class Brussels Curtains at \$3.75.
 Handsome Point de Arabe Curtains—cream net with design embroidered in bold relief. A pair \$5.

PORTIERES.

Bagdad and Persian stripes, Derby and Armure weaves, rich Brocades, Bromley's Royal Velour. Allover figures in exquisite colors, also plain colors with artistic borders. Some portieres are hemmed, others have elaborate trellis fringes.

\$2.50 to \$7.50 a Pair.

Portiere Tapestries, by the yard 50c. to \$1.
 Heavy ribbed, French Cretonne, also fine hand-blocked Cretonne, 36 inches wide, 18c. a yard.

D. HUNT & SON

BORN BACK OF ABERDEEN.

Dr. John Van Eaman, a Distinguished Physician and Surgeon, Dies at Kansas City of Blood Poisoning.

In the death of Dr. John Van Eaman, Professor of Diseases of Women in the Kansas City Medical College, and President of the Board of Directors of that institution, the medical profession loses a very distinguished and useful member. Dr. Van Eaman was born a few miles from here, over in Brown County, in 1840. Entering the volunteer service as a private soldier in 1861 he rose to be a Captain of cavalry. He graduated from the Ohio Medical College in 1868 and afterwards finished his medical education in the great hospitals of London, Paris, Berlin and Vienna. For many years he has been one of the most distinguished gynecologists in the West. He was a man of great force of character and a most profound and pains-taking student. Next to the late distinguished ovariologist, Dr. Alex. Dunlap, of Springfield, Ohio, he was the most eminent medical man Brown County ever produced.

The cause of his death was acute blood poisoning—something which he contracted from one of his patients in the Kansas City Hospital. He was ill only a few days.

Quite a number of his relatives live near Aberdeen. He was a class-mate of Dr. Ellis of this city.

Dr. Van Eaman had a brother a prominent and well known physician living at Lawrence, Kansas, who died about a year ago. He, too, was an alumnus of the Ohio Medical College in Cincinnati.

KENTUCKY TEACHERS.

Lexington Making Great Preparations to Entertain the State Educational Association.

The annual meeting of the Kentucky Educational Association will be held at Lexington, June 24th, 25th and 26th. The committee in charge of the preparations expect 6,000 visitors, and are arranging to make their stay pleasant as well as profitable. Free buffet lunches will be served daily on the State College grounds where the meetings will be held, and there will be receptions, entertainments and visits to points of interest, including a trip to Torrent and Natural Bridge. All Maysville and Mason County teachers who expect to attend should send their names to County Superintendent Wells.

COMMONWEALTH'S ATTORNEY.

Mr. W. T. Cole, Formerly of This City, Suggested as a Democratic Candidate.

GREENUP, KY., May 25.—A new candidate has been suggested by the Democrats of this county for Commonwealth's Attorney in the person of W. T. Cole. He is a son of Judge A. E. Cole, of Maysville.

W. J. A. Rardin, of the Greenup Gazette, is being groomed for the Republican nomination, and it will be a battle royal if both candidates are from this county, judging from the former race for County Attorney between them, when Rardin only beat Cole by fifty-one in the face of 300 Republican majority.

Decoration Day Rates Via C. and O.

On account of Decoration Day the C. and O. will sell round trip tickets at rate of one fare between all stations, Gauley, W. Va., to Cincinnati. Children between age five and twelve one-half the above rate. Tickets on sale May 29th and 30th. Return limit May 31st.

County Judge Dysard, of Carter County, has been arrested on a paternity charge preferred by Miss Rose Sellards, of Greenup.

O. H. P. Thomas & Co., Nos. 120 to 124 Market street, Maysville, Ky., sell Old Time Bourbon and Maysville Club Rye, direct from the distillery, by the quart, gallon or barrel; the finest in the State; guaranteed pure and as represented as to age. THE H. E. POGUE DISTILLERY CO.

Morgan Johnson, a decrepit negro, an inmate of the State penitentiary for twenty-five years, was pardoned Saturday by Gov. Beckham. He was first sent up from this county for larceny, but was afterwards given a life sentence for implication in the murder of a guard. He is now an imbecile.

Grand Master A. D. Cole, of the Kentucky Grand Lodge I. O. O. F., received a telegram Monday afternoon announcing the death at Louisville of Past Grand Master Charles P. Hess. Mr. Hess had a great many warm friends among Maysville Oddfellows. His health had been failing some time. The funeral will take place Wednesday afternoon, and the interment will be with the honors of Odd-fellowship.

When a Kansan was once expatiating to Horace Greely upon the glories of his State as to soil, climate and everything to make it desirable as a place of residence, the great editor, in his quizzical way, is said to have asked: "Do you really believe there is nothing that your State really lacks, sir?" "Well, it may be we have a lack of two things, society and water," he remarked. "My friend," retorted Mr. Greely, "don't you know that these things are just what hell lacks?"

Those who heard the annual G. A. R. memorial sermon delivered Sunday afternoon at Dieterich's Grove by Rev. F. W. Harrop, heard an eloquent, forceful and highly instructive discourse. The speaker impressed upon his audience the lesson that the great leaders Cromwell in England and Washington, Lincoln and McKinley in our own land were but instruments of the Almighty in securing free speech, independence, the abolition of slavery, the perpetuity of the Union, and the freedom of Cuba from the yoke of Spain.

Lexington Herald: "Mr. R. E. Moss, one of the most eloquent speakers and the most popular student which has graduated from Kentucky University in all the years of her history, was a guest of the college Thursday and Friday. He had intended coming up to the contest, having won it for the K. U. last year at Austin, Texas, but remained in Maysville. Mr. Moss visited Philothea at her regular meeting Friday. The debate was dispensed with and Mr. Moss was called on for a speech. Though not prepared he made a brilliant talk to the Philotheans."

In the latter part of June the Covington District Epworth League of the Methodist Episcopal Church, comprising all the Epworth Leagues of Covington, Newport, Bellevue, Dayton, Ludlow, Latonia, Augusta, Cold Springs and Maysville, will hold its annual convention at Union M. E. Church, Covington. The officers of the organization are: Oscar H. Roetken, President; Rev. F. W. Harrop, of Maysville, First Vice President; Mrs. C. F. Firth, of Latonia, Second Vice President; Miss Maggie Allen, of Newport, Third Vice President; Mrs. H. P. Hill, of Dayton, Fourth Vice President; Donnelly Weaver, of Latonia, Secretary; Miss Grace Everett, of Covington, Treasurer; Miss Eva Hancock, of Bellevue, Superintendent of the Junior Department.

HAYSWOOD'S CLOSING EXERCISES.

First Will be a Musical Next Friday Evening, Followed on Monday by Exhibition by Class in Physical Culture.

First of the closing exercises of Hayswood Seminary will be a musical given in the lecture room of the First Presbyterian Church Friday evening, May 30th, at 7:30 o'clock. This will be followed by the annual exhibition given by the class in physical culture at the opera house Monday evening, June 2nd, commencing promptly at 8 o'clock.

A most delightful evening is promised to the literary and musical people of Maysville on Tuesday. The feature of this occasion will be the address by Dr. B. L. Hobson, of Chicago. Subject: "Conventionality and Originality." Dr. Hobson is a man of rare literary attainments and the people of Maysville are most fortunate in having this opportunity to hear him. To vary the exercises there will be several vocal and instrumental numbers of music. This exercise will be in the auditorium of the First Presbyterian Church.

The public are invited to attend all these exercises.

The regular monthly meeting of the Mason County Medical Society will be held at G. A. R. hall next Wednesday, the 28th, at 2 p. m. Matters concerning every member of the society will be presented for consideration. The meeting should be a business meeting, and it's hoped all will "rise to the occasion" and "put in an appearance."

The rural free delivery postal service now places frost and cold wave warnings in the hands of 42,000 country families.

The Rev. M. B. Adams, of Frankfort, formerly of Lewisburg, will preach Williamsburg Institute annual sermon.

There will be two graduates from the colored High School this year—Ida Mae Countee and Arthur Courtney Whaley.

There will be a strawberry supper at the M. E. Church to-morrow (Wednesday) night. Refreshments 15 and 25 cents. Music by Outten's orchestra during entire evening.

See us for low prices on diamonds and watches. Our stock is the best; our prices the lowest; assortment the largest—all guaranteed to be cheaper than goods of same quality can be duplicated for anywhere. MURPHY, the jeweler.

The twelfth annual commencement of the Flemingsburg High School occurred Thursday night. The graduates were: Watson Andrews, Sophia Amos, Roy Dudley, Harry Dudley, Charles Power, Frank M. Stone, of that city; Harry Hudson and Virginia Hudson, of Crains; Willma Hurst, of Elizaville, and Myra Walker, of Wedonia.

NOT A COG SLIPPED.

Board of Education Ratifies Caucus Selection of City Teachers as Forecasted by the Bulletin.

The wheels were well oiled and the caucus selection of city school teachers, as "exclusively" published in Monday's BULLETIN, was put through with a whirl at the meeting of the Board of Education last evening. Not a cog slipped. Instead of being "cut and dried," the program was typewritten and dry.

The board convened at the Public Library at 7:45 o'clock, with all members present, Chairman Saltee presiding.

The reading of minutes of preceding meeting was dispensed with.

A motion by Mr. Heiser was adopted that all teachers in grades from five to eight be elected subject to assignment by the Committee on Districts and Teachers, or reassignment from time to time in the judgment of the committee.

Mr. Heiser moved that the board elect a Principal and two assistant teachers for the High School, the salary of the Principal to be \$1,000, of First Assistant \$850 and Second Assistant \$700. Carried.

Mr. Schwartz nominated Prof. E. Reganette for Principal of the High School. Mr. Nesbitt placed in nomination Prof. Hardin Lucas of Paris. Mr. Reganette was elected, Messrs. Nesbitt, Barkley and Calvert casting the only votes for Lucas.

For First and Second Assistants Miss Ella Metcalf of this city and Miss Daisy Greenwood of Mt. Sterling were chosen without opposition.

Miss Julia M. Stone was elected teacher of drawing and German at a salary of \$700 a year.

On motion of Mr. Heiser it was decided to elect three intermediate teachers, subject to assignment by the Committee on Districts and Teachers, at a salary of \$700 a year, said teachers to be Principals of the district in which they are assigned. L. C. Grimes, formerly of Orangeburg, G. C. Sherwood, of Ewing, but who taught at Mt. Carmel the past year, and Miss Phoebe Waller were elected to these positions.

On motion of Mr. Heiser it was decided that a Principal for the Fourth and Sixth ward district schools be chosen, at a salary of \$700 each.

Hayes Thomas and E. Swift were elected to these positions, subject to assignment by the committee aforesaid.

It was moved by Mr. Heiser that two teachers for the fifth and sixth grades, who are not to be Principals, be elected at a salary of \$600 each. Carried. Misses Hattie L. Broshears, Lizzie Cartmell and Anna Campbell were nominated. Misses Broshears and Cartmell were elected.

On motion of Mr. Heiser it was decided to elect a Principal of the Colored High School at a salary of \$600 a year. Prof. Charles W. Harris and Prof. T. Augustus Reed were nominated. Prof. Harris was elected.

On motion of Mr. Heiser it was decided to locate one of the intermediate departments now in High School in some other building.

Before entering upon the election of teachers Mr. Heiser moved that all teachers elected shall within ten days

after election file with the Secretary of the board their written acceptance or rejection of the positions to which they have been chosen, and neglect to do so shall operate as a forfeiture of the position. Carried.

After the various teachers were elected Mr. Heiser moved that the board proceed to examine their certificates of qualification, stating that the board had not yet decided what schools or colleges should be recognized as "institutions of high learning." The motion was ruled out of order.

Mr. Nesbitt moved that the salaries of the primary teachers be raised from \$40 to \$50 a month. This motion was declared out of order as the board had met simply to elect teachers of the higher grades.

The board then adjourned.

The Fiscal Court reconvened this morning.

A. H. Gifford has sold six and one-half acres near Sardis to J. W. Ford for \$110.

Frost is predicted for to-night by a weather prophet at Washington. He made this prediction Monday.

The Mason and Bracken Turnpike Company has sold to Wesley Vicroy the tollgate property on Jersey Ridge for \$400.

Mrs. John Worthington, who was operated on at Cincinnati a few days ago for appendicitis, was improving at last accounts.

Rev. Dr. I. S. McElroy, of Lexington, was elected Secretary of the Ministers' Relief Fund by the Southern Presbyterian General Assembly.

Hon. Gus W. Richardson, of Meade County, has announced as a candidate for State Treasurer before the Democratic convention next year.

Paris social circles are "all broke up" over the sudden disappearance of Fred McDermott. McDermott's place of business is in the Sheriff's hands.

Mr. W. L. Sherrell, advance agent for Buckskin Bill show, was in town yesterday making arrangements for the appearance of his show here on June 16th.

The Fidelity Trust and Safe Deposit Company has filed a report of estate of its ward Mary Thomas Stevenson. The estate amounts to \$5,041.95.

CIVIL SERVICE EXAMINATION.

One to Take Place in This City June 11th for Positions of Clerk and Carrier in Postoffice Service.

The United States Civil Service Commission announces that on June 11, 1902, an examination will be held in this city for the positions of clerk and carrier in the postoffice service.

For application blanks, full instructions, specimen examination questions, and information relative to the duties and salaries of the different positions, application should be made to the Secretary of the local board at the postoffice. Applications may be filed with the Secretary of the local board as late as 9 a. m. on June 11th, 1902. The age limitations are from eighteen to forty-five years.

In the Police Court Monday Judge Whitaker fined George Gilbert, Charles Case, Charles Jones, Sam Peterson, John Pepper and John Sloan \$25 and costs, each, and gave each ten days additional in jail for attacking Hiram Gully, watchman on Dodson's coal fleet, Sunday afternoon. John Jenkins, charged with the same offense, was dismissed. Howard Blythe, wanted on a similar charge, made himself "scarce" in these parts by skipping out on one of the packets. This band of "toughs" have dominated Wall street the past year, but they ran against a "buzz-saw" in their attack on Gully, who is a young man of excellent report. They made an unprovoked attack upon him. The leader, Sam Peterson, was knocked down and his lieutenant, Chas. Jones, was scalped with a rock. Judge Whitaker put on the trimmings.

CERTAIN RESULTS.

Many a Maysville Citizen Knows How Sure They Are.

Nothing uncertain about the work of Doan's Kidney Pills in Maysville. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical doubter. Read the following statement: Mrs. John E. Burns, of the West End, near Pogue's, says: "I am greatly pleased with the benefit I received from the use of Doan's Kidney Pills which I procured at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. Use proved them to be the best kidney remedy I know of. I have heard a number of persons speak of the great relief obtained from the use of Doan's Kidney Pills.

AN AWFUL RECORD.

Seven Hundred Criminals Among Descendants of One Woman—Cost the Nation \$3,000,000.

[New York Telegram to the Chicago Tribune.]

What one criminal can do toward making the world more wicked was shown Thursday in statistics presented at the annual convention of the New York County W. C. T. U. One of the delegates gave the record of the family of a woman of criminal tendencies who died in 1827, but whose name was not disclosed.

"Her descendants have been traced," continued the speaker. "They number 800. Seven hundred were criminals, having been convicted at least once.

"Thirty-seven were murderers and were executed for their crimes.

"This family," the speaker concluded, "has cost the nation \$3,000,000 for trials and executions.

PITHY POINTS.

Everything "goes" these piping times, even though some of them do have to go to Indiana or Canada occasionally, as a consequence.

There's nothing like having a new trial, even though the guilt of the accused be as plain as the noonday sun.

Gov. Wood would have had much less reason for wanting Rathbone punished had he believed him innocent than Mark Hanna would have had in desiring him to go free were he assured of his guilt.

Methodist Women's Foreign Mission Society to Meet Here.

Miss Belle H. Bennett, President, and Miss A. May Nugent, Recording Secretary, are arranging their reports for the Methodist women's meeting, which they announce as follows: "The Kentucky Conference W. F. M. S. will convene in Maysville on Friday evening, June 13th. Reduced rates of one and one-third fare have been secured. Delegates must get a certificate when tickets are purchased, stating that they paid full fare. All names must be sent to Mrs. John W. Boulden for entertainment. Also notify her as to time of arrival and by which road. Let every auxiliary be represented by a delegate."

Kentucky has been divided into fifteen districts by the B. Y. P. U. Each will have a Vice President, who is expected to hold at least one convention a year.

More People go to Church Than Ever Before.

[Harpers Weekly.] Statistics published in the Church Economist seem to disprove the statement that has been made that church membership is on the decrease in this country. Indeed, these statistics demonstrate a most astonishing increase of strength of almost every denomination during the past forty years. During that period they show that the growth of church membership stands to the increase in population in the ratio of 16 to 5. The Economist's statistics also show that people are giving more, both proportionately and collectively, to religious purposes than they ever have before. More old churches are paying off their indebtedness, and more new churches are being built. More than \$38,000,000 will be expended on religious edifices during the coming year.

Take care of the stomach and the health will take care of itself. If people only realized the soundness of that statement the majority might live to a good old age like Moses, "the eye undimmed, the natural force unabated." It is in the stomach that the blood is made. It is from the stomach that nourishment is dispensed to nerve and muscle. If the stomach is "weak" it can't do its whole work for each part of the body. It was the realization of the importance of the stomach as the very center of health and the common source of disease, which led Dr. Pierce to prepare his "Golden Medical Discovery." "Diseases which originate in the stomach must be cured through the stomach." The soundness of this theory is proved every day by cures of diseased organs, heart, liver, lungs, blood,—by the use of "Discovery" which is solely and singly a medicine for the blood and organs of digestion and nutrition. It is a temperance medicine containing no alcohol, whisky or other intoxicant.
